

**Is it**

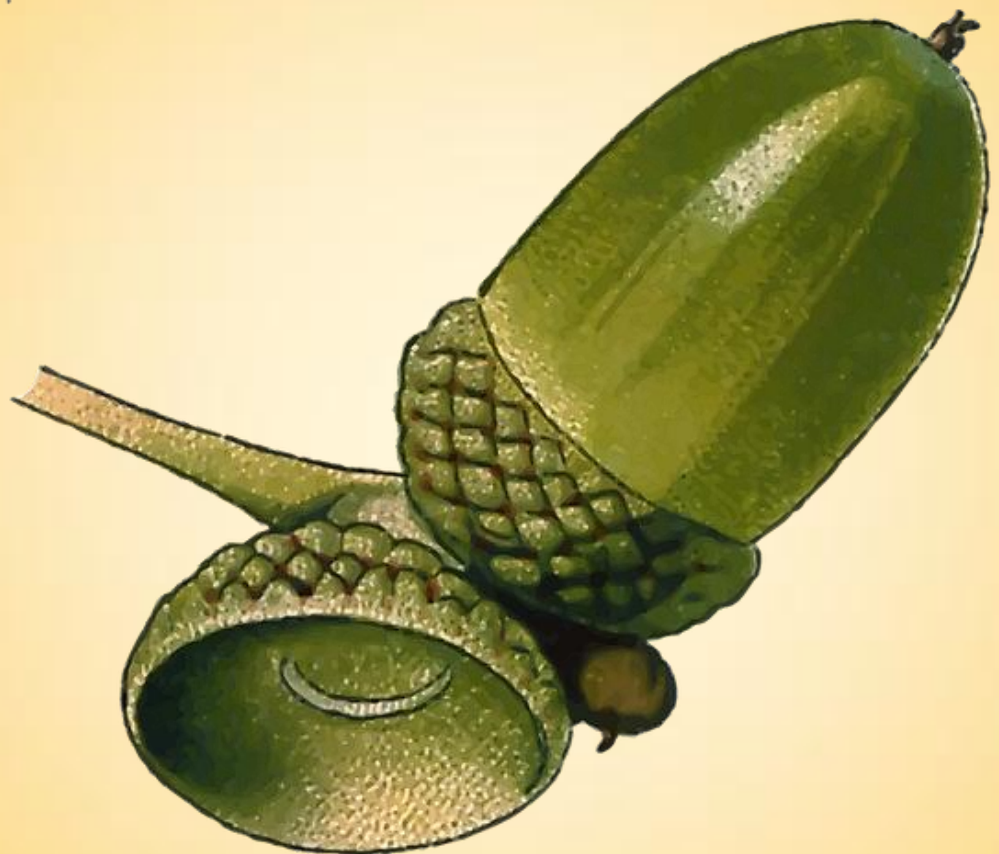

**reasonable**

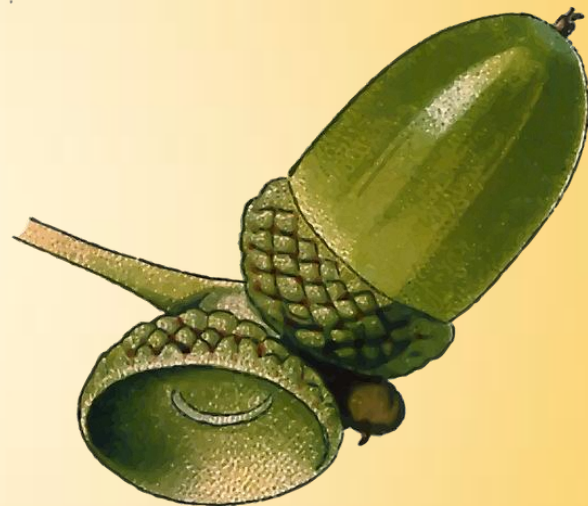

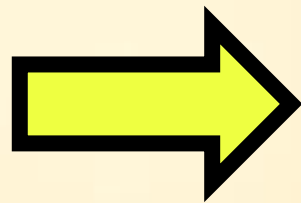

**to believe in God?**

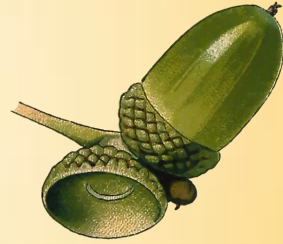

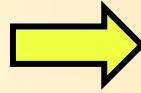

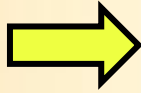

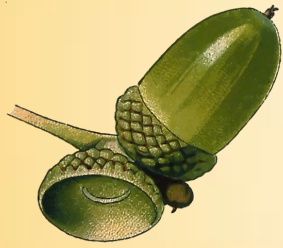

# **Reason 1: beginnings**

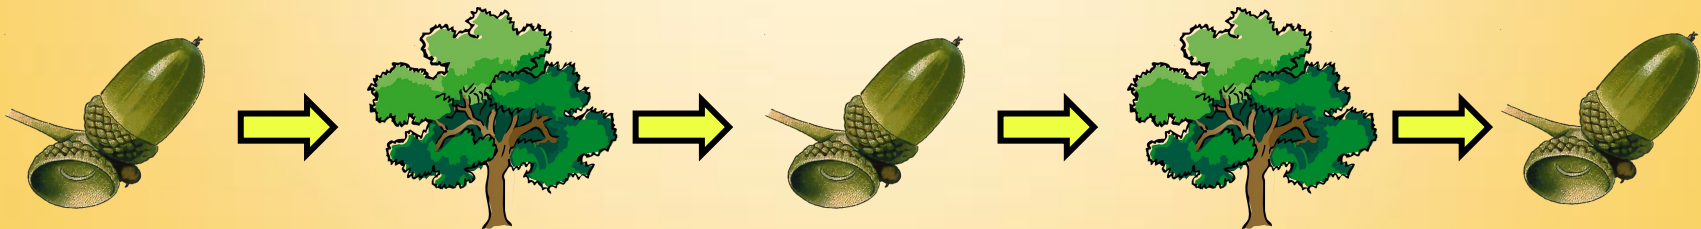

Technical term:

'The Cosmological argument for the  
existence of God'

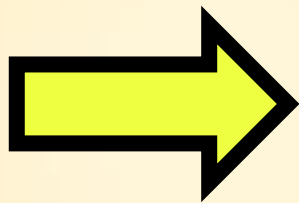

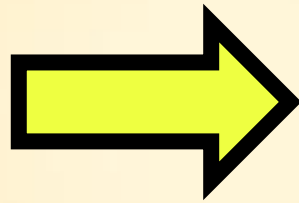

Everything that has a  
**beginning was caused**  
by something else

?

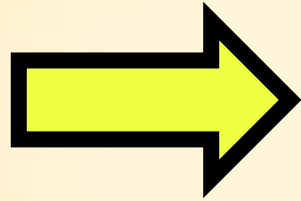

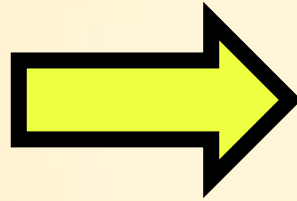

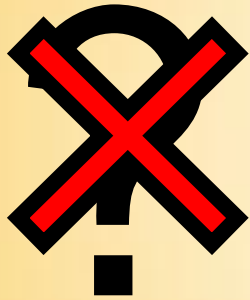

God

?

God

God

**God has no beginning  
because  
God is eternal**

=

It's **reasonable** to believe  
there's a God that created  
the universe and started  
everything off.
